Washington, DC 20554

RE: Proceeding No. 15-149

Dear Chairman Wheeler,

I am writing regarding the proposed merger between Charter Communications and Time Warner Cable.

Charter Communications is not only a provider of service within Zeeland Charter Township but we are also a user of this service. We are a somewhat rural unit of government and we anticipate this new proposed merger will enhance improved internet speeds but also broader coverage areas throughout the more rural areas in our region.

Please consider this my formal letter of support for the proposed merger.

Sincerely,

Glenn L. Nykamp, Supervisor
Zeeland Charter Township
